

Resolution 2001-3

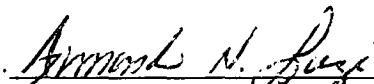

RESOLUTION OF COMMITMENT TO THE NORTH SECOND STREET
STREETSCAPE PROJECT

We, the Borough of West Newton, are firmly committed to the Downtown West Newton, Inc. Streetscape Project for 200 ft. of North Second Street from Main Street. We support the plan of removing the 3 overhead utility lines and poles, dropping the lines underground, and setting six to eight decorative streetlamps into the new sidewalks.

This application is submitted at this time because of a budgeted and funded commitment to resurface 800 feet of North Second Street from Main Street beginning this summer. We have agreed to allow DWNI to apply for a DCED community reinvestment matching grant to enhance the existing resurfacing project and to double the nearly \$250,000.00 already committed, while anticipating upcoming streetscape improvements as part of downtown's revitalization efforts and the Main Street Program.

RESOLVED THIS 9TH DAY OF JULY, 2001 by the Council of West Newton Borough.

WEST NEWTON BOROUGH

Armand N. Luzi, President

ATTEST:

Pamela M. Humenik, Secretary
