

Pennsylvania
Broadband Development Authority

November 5, 2024

Jason Rigone
Director of Westmoreland County Department of Planning & Development
40 N. Pennsylvania Ave
Greensburg, PA 15601

Dear Mr. Rigone:

This letter shall serve as a designation for West Newton Borough, as a Broadband Ready Community. The Pennsylvania Broadband Development Authority (PBDA) applauds your commitment to evaluating policies and procedures that could be improved to encourage swift deployment of broadband infrastructure.

Many Pennsylvanians lack access to high-speed internet connectivity. This designation will show Pennsylvania providers of your commitment to reviewing any barriers that may prolong infrastructure expansion.

In addition to this letter, you will find attached the official BBRC seal. Please use this with any promotions made on your organization's website, social media pages, and throughout your communities.

Thank you for the work you do throughout your communities.

Sincerely,

A handwritten signature in black ink, appearing to read "Brandon Carson".

Brandon Carson
Executive Director
