APPLICATION FOR SEWER LATERAL INSPECTION

Please complete all information below and submit at least 30 days before the event with payment:

***DATE:** _____ ***PAID: CASH/CHECK/AUTHORIZATION CODE:** _____

***CURRENT OWNER:** _____

***ADDRESS TO BE TESTED:** _____

_____

***TAX MAP NO:** _____

***NAME OF PLAN:** _____

***PHONE NUMBER:** _____

***OWNER'S ADDRESS TO SEND DEFICIENCY OR CERTIFICATION:** _____

_____

***EMAIL ADDRESS (REQUIRED):** _____

All properties that are serviced by the Municipal Authority of Westmoreland County (MAWC), are hereby notified to acquire a sewer lateral inspection prior to selling, refinancing and transferring a residential house, commercial building, or any facility tied into MAWC's sanitary sewer system.

If the lateral fails, corrections MUST be made prior to closing. A visual inspection of the repairs is required by MAWC personnel prior to backfilling the repaired area and must be scheduled 48 hours in advance. The visual inspection must be completed prior to scheduling the re-inspection. A "Certification of Sewer Lateral" will be issued upon the inspection "PASSING". Certification will only be given to the legal owner of the property.

Application Fee: $350.00 payable at the time the application is submitted.

A no-lien letter, required by lending institutions for closings, will not be issued by MAWC until the above testing has been completed and any deficiencies corrected. Please allow 5 business days for review on the inspection. **When the property has passed the inspection, this information will be written on the lien letter.**

Information gathered from lateral inspection, dye tests, lateral repair, and new tap installations are sent to and reviewed by management. Video, paperwork, certificates, and checklist collected during the above-mentioned scope of work will all be assessed after being received. All applicable stipulations derived from MAWC's rules, rates and regulations, as well as industry standards will be factored into the final assessment or judgement. Any comments from staff during the inspection should be interpreted as opinion. We appreciate your cooperation and look forward to providing our sanitary services to you, our customer.
